We are committed to supporting local groups like neighboring schools, youth sports teams and non-profit organizations. One way we do this is by hosting fundraisers at our restaurant.

When you partner with Luigi's to raise money for your group, we'll provide you with digital flyers to spread the word about when and where the fundraiser is taking place. Your supporters can then show the flyers in print, on their phones or simply mention it at checkout to ensure the sale will go toward the fundraiser.

In the end, 20% of each order your supporters place will go to your organization.
